

STERLMAR EQUIPMENT

PACKAGE DEAL FOR ONLY **\$999.99**

1 x HHS2200 controller

1 x SA315P speaker

4 x VTX609 vertex

1x SPEC8

Moisture-resistant controller features twelve rubberized, backlit push buttons including progressive three-position push button lighting control that mimics typical slide-switch operations. The unit is microprocessor controlled and rated for one or two 100-watt speakers. Compact control is ideal for multiple applications including undercover vehicles and vehicles with limited interior space.

This new self-contained LED Hideaway requires only a one inch hole in any composite style head light, cornering light or tail light assembly to deliver true wide angle warning to the front, side and rear of your vehicle... without interference to your vehicle computer and warning equipment! Less than 1" tall, it may also be surface mounted to outside surfaces anywhere on the vehicle!

High output, GEN3 LED technology produces incredible high intensity warning in a compact design that fits easily and snugly to the windshield. Eight high intensity LEDs are available in single or split color combinations at a surprisingly low cost. Each light provides multiple Scan-Lock™ flash patterns and includes an eight foot cord with cigar plug with On/Off switch and LED On indicator.

All weather nylon composite black housing with front loaded, powder coated speaker driver. Superior performance in a very small profile package. Only 2-7/8" in depth.
